Porcelain Stone®

CROSSVILLE®

Beljn™

Porcelain Stone®

Soft, yet strong. Rugged, but refined. Inspiring, but down to earth.

Beljn by Crossville is all of this and more. This porcelain tile line evokes the grandiose history of Belgium, where its stone inspiration is found, but is decidedly contemporary in color and sizing.

Beljn is extremely versatile. The five hues range from light to dark and are available in two finishes: unpolished, which features Crossville's unique FeatherSoft Finish for an extraordinarily touchable surface, and a bush-hammered style exterior finish designed for grand scale and high fashion in outdoor spaces. Sizes range from traditional 12"x24" to an expansive 24"x48". Square and brick mosaics are available to complement spaces from a commercial shower to a residential backsplash.

With a European sensibility featuring white veining, coal lines, and even visible fossils, Beljn's old school styling is modernized in our American factories with state-of-the-art equipment and craftsmanship. This combination of aesthetics and technology makes Beljn a showstopper inside and out.

- Available in 5 European inspired colors
- Features Crossville's FeatherSoft Finish and unique Exterior finish
- Recommended grout joint: 3mm
- Field Tile: Rectified
- Get Planked available

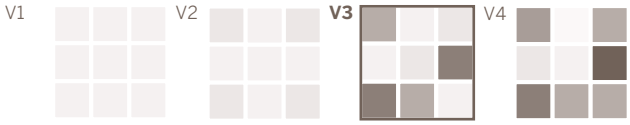
Shade & Texture Index

Beljn has a shade variation of V3.



V1 Uniform appearance
V2 Slight Variation
V3 Moderate Variation
V4 Substantial Variation

This porcelain tile product is produced with a V3 variation. While the colors and/or textures present on a single piece of tile will be indicative of the colors and/or textures to be expected on the other tiles, the amount of colors and/or texture on each piece may vary significantly. It is recommended that the range be viewed before selection.

Recommended Use

Beljn UPS is recommended for interior floors dry, interior walls, countertops, exterior walls, pool waterlines and full linings† in both residential and commercial applications. Beljn UPS is not recommended or exterior horizontal surfaces or exterior paving. Beljn EXT is recommended for interior floors wet or dry, exterior floors, interior and exterior walls, pool waterlines and full linings in both residential and commercial applications. See CrossvilleInc.com for detailed installation instructions.

† Excludes mesh mounted mosaics.

Wet area use for Mosaics

Crossville® produces the Beljn 2 x 2 and 2 x 6 Brick mosaics with the Cross-Sheen (UPS) finish. The ANSI A326.3 wet Dynamic COF of Beljn is ≥0.42. Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.This information is provided so that customers may make a realistic and informed decision when comparing Beljn to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

Our Warranty

Crossville Inc. guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1 and in the performance data section of the Crossville, Inc. general product catalog. For complete details check our website at CrossvilleInc.com.

Care and Maintenance

Regular cleaning is the best way to keep Beljn tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.
