ARPELL

Legend has it that finding the elusive four leaf clover will bring luck to the bearer. The four leaves represent love, hope, faith, and luck. Our Arpell pattern, fashioned after the clover and alternating with an eight pointed star, elegantly expresses the clover in a timeless repeating pattern. Stocked in polished Calacatta Gold clovers with milk white glass stars and in white Rivershell clovers with Azul Cielo stars.

CASINO ROYALE *by* DONGHIA

Casino Royale reimagines one of Donghia's signature textiles as a striking multicolor mosaic and waterjet design. The rich, asymmetrical arabesque is cut from different colors of natural stone, surrounded by lines of tesserae mosaic in contrasting and complementary tones. Stocked in three variations, including Bianco Antico, Belgian Bluestone, and Smoke Limestone, each colorway combines an array of natural stones into sophisticated compositions that honor the original Donghia pattern.

Tech Note: Individual sheets of this mosaic are not square. Sheets are irregular and combine into a seamless interlocking pattern. Plan your layout accordingly. Dry laying of this product prior to installation is required. White mortar is recommended for natural stone. The installation of intricate mosaic patterns may require the use of a mosaic nipper to hand cut pieces along the edge to fit or conduct adjustments throughout the installation. For straight cuts on a tile wet saw clear plastic face tape can be applied to keep the mosaic pieces aligned while cutting. Seal and utilize a grout release prior to grouting.

GRAND GATSBY

It was said of Jay Gatsby's parties that the guests came and went like moths, whispering among the champagne and the stars. With dramatic geometry, and an art deco influence, our Grand Gatsby mosaic captures the extravagance of the Roaring Twenties. Stocked in polished Thassos marble with inset brushed brass lines and triangular Nero Marquina dots, and in our Fete colorway, which combines various marbles in a style inspired by Roman Cosmati floors.

MUMBAI DIAMOND

An ornate chair in the lobby of the legendary Taj Mahal Palace Hotel inspired the design of Mumbai Diamond. Its strong angular beauty presents the rich South Asian decorative traditions through the lens of Art Deco, a design influence prevalent throughout the city. The mosaics share a design, yet the two colorways are strikingly different. Vanilla has a pure majesty, rich and luxe in Vanilla Onyx and Thassos. Black is exotically sensual in Lilac and Nero marble.

MICHAEL ARAM ORCHID - 4 UNITS IN REPEAT

MICHAEL ARAM ORCHID

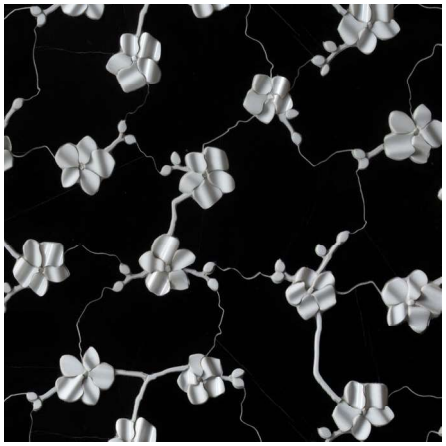

Winner of Interior Design's 2017 Best of Year Award and Hospitality Design Magazine's 2018 HD Award for Surfaces. Born of a collaboration with homeware and jewelry designer Michael Aram, Orchid Dimensional's realistic carved flowers festoon a smooth background of polished white or black marble. Inspired by Michael Aram's original Orchid Collection, this groundbreaking design utilizes a variety of techniques for an intricate and elegant mosaic tile. Orchid is stocked in black and white in its original carved dimensional style, and in a flat design that extends its use to floors and other surfaces.

Dimensional Flowers should be grouted by hand, paying particular attention to grout removal and clean up from the surface. Seal stone prior to grouting. Grout only as much of the surface that can be thoroughly cleaned. Care must be taken to ensure the integrity of the dimensional pattern is not disturbed by excess grout. Excess grout must be properly removed from all surfaces.

Tech Notes: pH neutral stone cleaner should be used for daily cleaning.

POMPEII

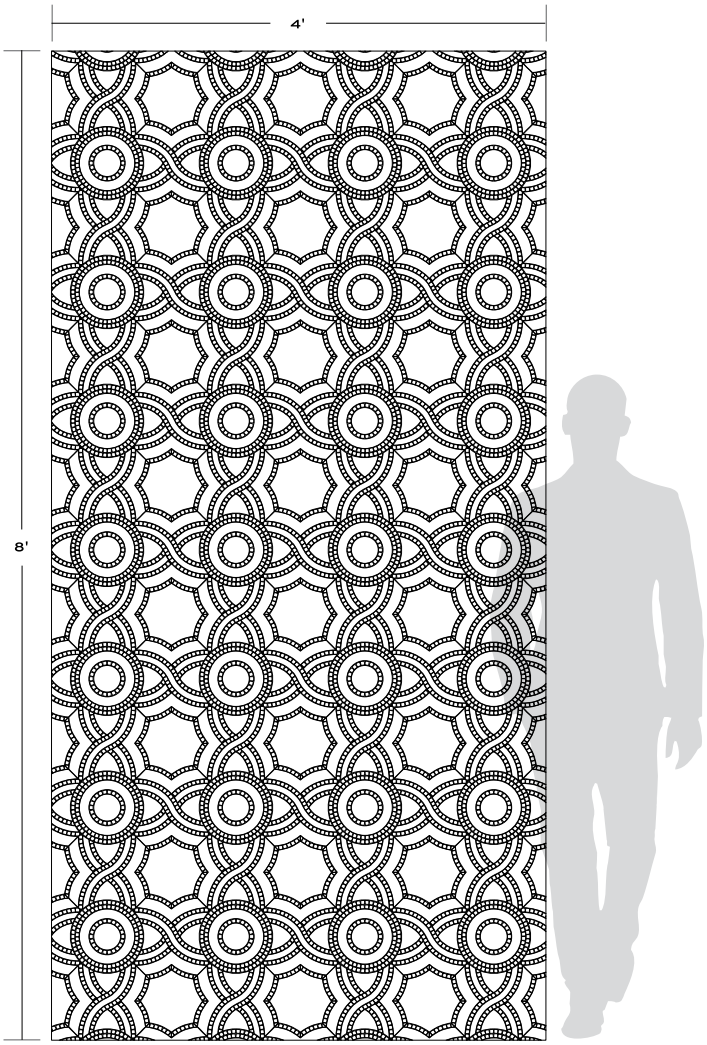

In 79 AD Mount Vesuvius suddenly erupted, covering the thriving Roman metropolis of Pompeii in a deep layer of smothering ash. The ash choked the city in a historic tragedy, preserving its people and culture with astonishing clarity. Excavations at Pompeii are ongoing, each day uncovering new evidence of the cultural richness of the Roman empire. A recently uncovered dwelling revealed an intricate ceiling, with geometrics and braids that thrilled our founder on a recent visit. She reinterpreted the pattern into stone, resulting in Pompeii, a mixed waterjet mosaic pattern hewn from classic Italian marble. Pompeii's aesthetic spans millennia - it doesn't get more classic than this.

SFERA *by* ALISON ROSE

Sfera by Alison Rose posits circles upon circles - spheres that seem to bounce across the surface of the tile to create an "infinite" mosaic, with multiple stones placed randomly within the design. The combination of colors and circles is strikingly sophisticated in three timeless colorways. Verde combines Verde Aurora, a vibrant green polished quartzite with polished & honed Nero Marble. Lilac includes honed Lilac marble, polished Statuary, honed Calacatta Bluette, and honed Bianco Carrara. Grafite adds bittersweet chocolate Grafite marble into a blend with polished & honed Nero marble and honed Vanilla Onyx. Sfera is also available in a variety of other custom colorways via Artistic Tile's "Tailored To" program.

Tech notes: Individual sheets of this mosaic are not square. Sheets are irregular and combine into a seamless interlocking pattern. Plan your layout accordingly. White mortar is recommended for natural stone. The installation of Slide Viola's intricate mosaic patterns may require the use of a mosaic nipper to hand cut pieces along the edge to fit or conduct adjustments throughout the installation. For straight cuts on a tile wet saw clear plastic face tape can be applied to keep the mosaic pieces aligned while cutting. Seal and utilize a grout release prior to grouting.

SETTING NATURAL STONE MOSAICS ON A SHOWER FLOOR WITH ARDEX 100% SOLIDS EPOXY ADHESIVE WHITE

ARDEX 100% Solids Epoxy Adhesive White is suitable for each of the following installation methods shown in the Shower Receptors section in the most current edition of TCNA Handbook for Ceramic, Glass, and Stone Tile Installation.

B414-24 Stone, B441-24 Stone, B415-24 Stone, B420-24 Stone, B426-24 Stone, B431-24 Stone, B421-24 Stone, B422-24 Stone.

IMPORTANT NEXT STEPS:	IMPORTANT WATER CLEANUP STEPS
• Pour Part A (Resin) into Part B (Hardener) bucket and hand mix to achieve color blend. • Mix using a power mixer (approx. 650 RPM) for approx. 2 minutes. • Pour the entire mixture out of the bucket onto the floor or onto a scrape piece of tile. It is very important to get the entire mixture out of the bucket immediately. • Spread a thin layer of epoxy mortar with a flat trowel over a predetermined area of the shower floor. • Using a square notch trowel or a V-notch trowel, spread the epoxy mortar over the same predetermined shower floor area. • Next flatten out all trowel ridges with flat side of trowel striving to achieve 100% coverage over the predetermined shower floor area. • Place the interlocking mosaic sheets into mortar bed over the predetermined shower floor area for 100% coverage. • Tap down and level the mosaic sheets with a grout float over the predetermined area. • Allow mortar to set, harden, and cure.	• Wipe up any epoxy residue with sponges and clean water. • Note: No soap and no chemicals are needed. Just clean water. • Rinse sponges and change the water often. • Finally wipe with cool, clean water & clean sponges. • Use clean microfiber cloths for final wipe down.

Artistic Tile recommends sealing all natural stones before grouting.

VITRUVIUS

With echoes of Leonardo DaVinci's famous "Vitruvian Man", the Vitruvius pattern models the ancient Roman architect Vitruvius' description of perfect proportions in architecture and the human body. Vitruvius, part of our SPQR collection of stone mosaics, follows the golden rules of Vitruvian architecture: firmatis (durability), utilitas (utility) and venustatis (beauty). Its circular pattern reads as one circle overlapping another, which overlaps another, and so forth, similar to DaVinci's drawing of the multi-limbed man. The result is an intricate, fluid, and visually stimulating pattern with origins in classic Roman aesthetics, updated for a modern palette. Stocked in three sophisticated colorways, each crafted with carefully selected natural stones.

A blend of three classic European marbles, Weston reintroduces the missing color in geometric mosaics. Rosso Francia, Cipollino, and Rosa Portogallo have been used since antiquity, their colors combined by the Ancient Romans in their decorative marble flooring. WISTERIA

An exquisite evocation in mosaic of the flowing charm of Wisteria. With its lush, purple pendant blossoms, a Wisteria vine can decorate walls for generations, and via the use of both waterjet and tessarae techniques, this stone version's beauty will delight for years to come. Designed as full-wall décor, Wisteria's petals are crafted of polished Lilac marble and Vanilla Onyx, with vines of polished Cloud limestone on a ground of honed Bianco Dolomiti. Each segment of Wisteria comprises a full crate of interlocking sheets that total 49.67 square feet, covering an area of 9' x 5', and may be extended horizontally as desired. For walls taller than 9' or if other colors are desired, please inquire about custom options.
