

VELVET BY EDIMAX

UnitedTile
TILE | STONE | GLASS | WOOD

3D shaped technology creates a new sensory experience with Velvet. Graphic and structure correspond, and the senses of sight and touch converge to create a “real feel”. Velvet captures the look of precious marble stones worn out by time, characterized by hollow veins and organic depressions. The 3 marble stone colors are each marked by different graphics and colors for a distinct look. The large 24x48 size format sets this collection apart providing an exceptional option for a seamless and striking design.

Stocked Colors & Sizes
