

SUPREME MEMORIES

BY FLAVIKER

Supreme Memories by Flaviker brings marble’s intricate patterns to life through advanced 3D Tech technology, aligning thick ceramic layers with ultra high-definition graphics to enhance veining, movement, and depth. The result is a richly detailed surface with the realism and complexity of natural stone. Large-format decorative tiles replicate the look of waterjet-cut mosaics with stunning accuracy—offering the elegance of intricate inlay at a fraction of the cost. With a range of finishes and formats, Supreme Memories delivers a bold, tactile interpretation of classic marble design.
