*Plank blends are sold in full boxes only.

Liners are glazed on one long side and both short sides in addition to the face.

Open Box Charge is \$25 per item.

Custom Blends up to 100 SF, please allow a minimum of 14 days production time. Over 100 SF, please call for production time estimate. Custom blends may not be cancelled, returned or exchanged once produced.

Application Notes:

Interior Walls	Wet/dry surfaces - shower walls or steam showers acceptable
Interior Floors	Light traffic residential, including shower floors, only for Single-fired glazes (including Lighthouse Blend) in Buoy Mosaic and Plank sizes.
Submerged Areas	Only Single-fired glazes (including Lighthouse Blend).
Do not use any Double-fired glazes (including blends other than Lighthouse) on floors or in submerged applications	

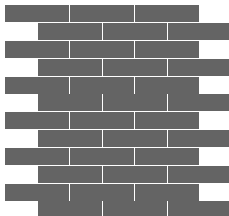

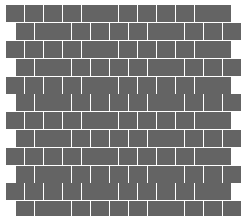

Installation Note:

On dimensional patterns, using a grout bag is the best method to target competent and successful grout application. Grout floats should not be used due to the luster glaze. Please take care when grouting and protect surface from abrasion.

²Residential Exterior vertical uses in climates that do not experience freeze-thaw conditions.

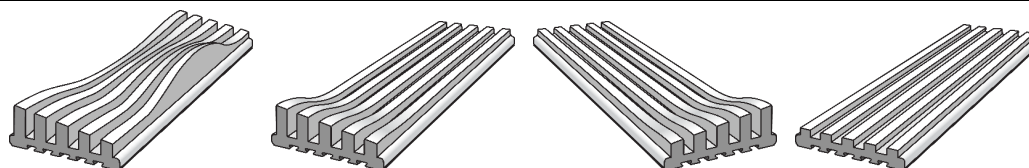

³Zellige has traditionally been used in pools and fountains in Morocco. However, Zellige tiles do not meet US standards for use in pools, spas or other areas where it will be regularly submerged in water; and we do not recommend Zellige/Mistral for these applications. Use of Mistral in pool, spas and fountains is at the discretion of the customer and no claims for damage will be honored for Mistral used in these applications, regardless of installation methods.

⁴If used for flooring, expect wear and tear on the tiles, which may include glaze wearing off the edges, or chipping off the surface, as well as cracks, or complete failure of occasional tiles.

Dunes 3 Pc Pattern Drawing (all dimensions in milimeters)

Open Box Charge is \$25 per item.

Application Notes:

Interior Walls	Crecent and Round Ripples: All applications including showers/steam showers
	Dunes and Square Ripples: NOT recommended for showers, steam showers, or other wet environments
Interior Floors	Only Round Ripples in White Sand acceptable for light traffic residential
Exterior Walls	Acceptable ONLY when installed using a Dual Purpose mortar/grout combination or epoxy setting material. See Ceramic Installation Instructions at LunadaBayTile.com for a list of acceptable products.
Dark Silver and Sunset Bronze are not recommended for installation in pools, spas, water features or steam showers.	

Installation Note:

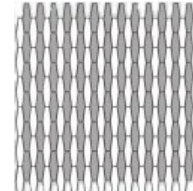

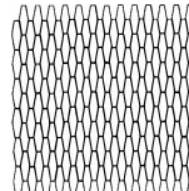

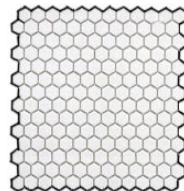

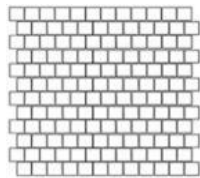

Dunes 3 pc Pattern and Square Ripples 1.25 x 1.25" were not designed to be grouted. We recommend installing without grout and tinting the thinset to match material color. See Ceramic Installation Instructions at LunadaBayTile.com.

*Dunes coverage and weight per piece values are averages of the 3 sizes in the pattern. Each box contains two of each of the three sizes in the pattern.
