JAW (Just Add Water)

JAW (Just Add Water) is an enticing series of glass tile borders for pool waterlines, showers, spas, water features and other border applications. Border heights can be increased with sheets of corresponding field material. Easy to use straight out of the box, and coordinate with LBT's Agate and Luce series.

Please visit [LunadaBayTile.com](https://www.lunadabaytile.com) for our complete product offerings, applications and installation instructions.

JAW Redux

Discover a striking new mosaic border series, JAW Redux. Our glass artists assemble single colors in alternating Pearl and Silk finishes to create a dynamic pattern that emulates the essence of cascading water. The hand-crafted glass border provides design flexibility for waterlines, feature walls, and architectural accents. Easy to use straight out of the box or add corresponding field material to increase the border height. Choose from 10 colorways to create visual impact for pools, spas, showers, water features, and other border applications—where elegance meets practicality, indoors and out.

Please visit LunadaBayTile.com for our complete product offerings, applications and installation instructions.
