artfact

Intentional objects.
Objects that tell a story and reveal their origin.

The idea of being hand crafted, of imperfection, forged by fire and natural forest tones, was translated into material and technique.

Industrial surfaces to be coated with strength and meaning. Surfaces to express the randomness of shape, the unprecedented, which make ceramics as beautiful as they are unique.

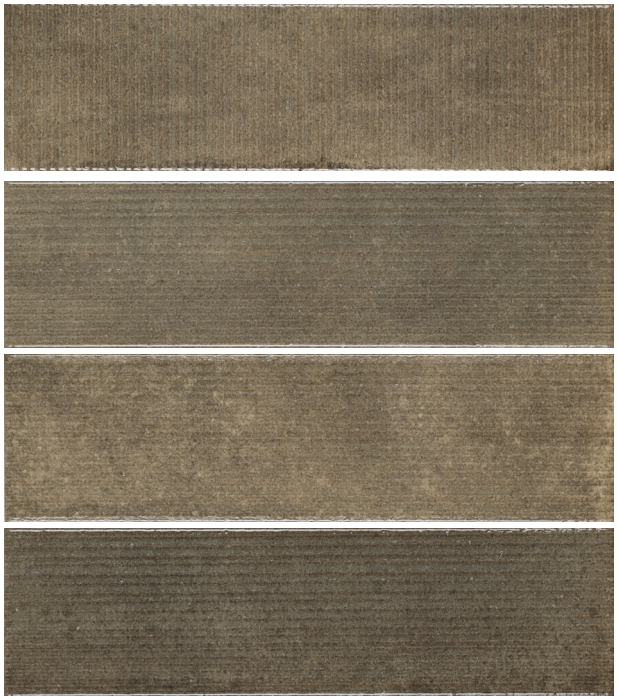

Artfact immortalizes the artisan’s discoveries in a collection of elongated, thickened coatings, with organic edges and different chromatic color intensities.
