

CHELSEA by Settecento **CERAMIC WALL TILE**

CHELSEA is a new, large-format wall tile series from Settecento, the company that manufactures our very popular New Yorker series. CHELSEA is produced in a distinctive new size - 6x18 - and has an irregular surface finished with a beautiful glaze, giving it a hand-crafted appearance. We are impressed with how well it adapts to, and complements, both traditional and contemporary applications.

CHELSEA is stocked in three colors - Pure White, Caramel, and Taupe. A square pencil liner is available that allows for a clean edge detail when needed. Care should be taken to blend this product during installation to ensure maximum variation in overall appearance.
