

NEW YORKER by Settecento CERAMIC WALL TILE

With NEW YORKER, the artistic traditional ceramic meets new trendy colors. A pure white body wall tile is individually molded in a 3x12 size and glazed in 7 different colors. The passion and richness of a hand-made look join the elegant surface for a contemporary style. The surface is slightly textured - almost like a stained concrete - allowing the glaze to pool in unique ways and create a beautiful effect that will work in a traditional subway application, or for a more contemporary look.

We are stocking seven colors in a 3x12 size, as well as a quarter round piece for each color, which allows for a nice clean edge detail when needed.

Colors:

Matte White
Bright White
Caramel

Taupe

Smoke
Charcoal
Night

Sizes:

3 x 12
1/2 x 12 Quarter Round
