

CALACATTA by Vallegunga **PORCELAIN STONE FOR FLOORS, WALLS & COUNTERS**

Calacatta Marble has been around for centuries, and continues to be one of the most popular marbles today. It is valued for its use in sculptures, monuments, and in homes as countertops, flooring, or walls. The great artist Michelangelo was one of the first people to discover and use Calacatta marble. Ever since, it has been considered one of the most high-end marbles, and has been synonymous with beauty, elegance, and luxury.

But not everyone loves the price tag and maintenance associated with true Calacatta marble. Our new CALACATTA option from Vallegunga, is by far the most authentic and beautiful porcelain version that we have seen. The color, veining, and movement is a dead ringer for the real stone, and it has a stunning lappato finish. We are stocking a large variety of sizes, including a 24x48 (think slab!), and a fun 3-dimensional 24x24 Deco that will create a striking accent wall.
