Pietra Gris

A cool white background with cloudy gray veins is the foundational palette for our Pietra Gris marble mosaic and field tile.

This new line re-interprets natural stone in striking geometric patterns, both classic and contemporary. Each blend features subtle, unique color variations created by nature.

Water resistant and versatile enough for residential and commercial applications, Pietra Gris inspires a range of uses and adds a refined element to your design. Equally at home in the kitchen, bathroom or hallway, this mosaic tile makes a memorable statement.
