BILLIE OMBRÉ

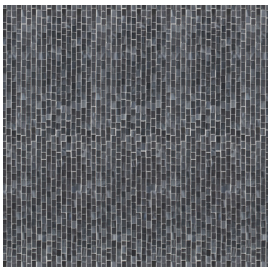

Our ode to legendary jazz musician Billie Holiday, Billie Ombré traces Holiday's trademark melodic vocalizations along a wave of vibrant colored glass, creating an overall ombré effect. The Billie Collection includes Grey, ranging from rich charcoal to pure white; Blue, which wends from glistening navy to cool sky; Green, from deepest forest to palest moonlight; and Moonbeam, which glows with shimmering opalescence. All available in the Billie Ombré sheet, going from light to dark, and in solid Billie Gloss "extender" sheets, in a dark and light selection for each color series, offering a unique array of design possibilities.

CHERRY

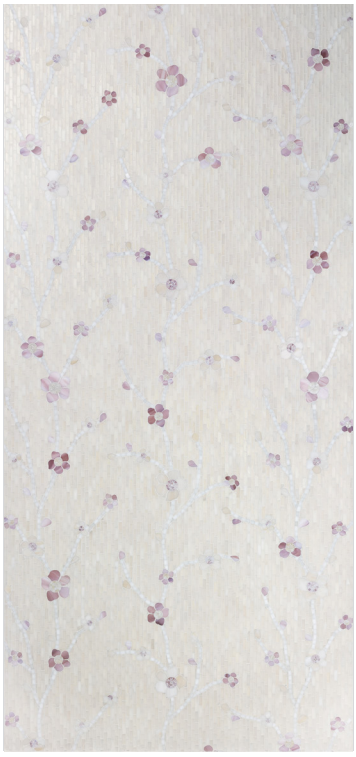

Cherry, a stunning Jazz Glass mosaic, mirrors the ephemeral beauty of Japanese cherry blossoms. The pink-hued springtime flora embodies fragility and effortless allure with delicate, blushing petals. Cherry encapsulates this essence in an intricate creation, harmoniously blending soft, iridescent colors that reflect both light and color. Dark Cherry features a background in Dizzy Plum Jazz Glass, adorned with Parish Purple stems and flowers in Mulberry Jam, Pink Lady & Rose Blush. Light Cherry consists of a Moonbeam Matte background, with stems in Veined White, Café Cream and Rose Blush flowers, and buds in Pink Lady & Rose Blush. This all-over glass mosaic is stocked in 30-1/8"x 24" x 1/8" interlocking sheets.

Brass will tarnish over time, especially in wet or humid settings. Shine can be restored with using Flitz Paste Polished, apply a small dot of Flitz Paste Polished to the affected brass. Run a shop rag or microfiber cloth on the metal. Do not use a circular motion, avoid extended contact with grouted areas. Use a moist paper towel to wipe off any excess Flitz Paste Polished, do this quickly to avoid any finish changes in grout. Test a small area before applying to entire surface.

LEAF

Be Bop White

Pattern Shown: Little Satch

No Grout

Mounted

Grouted

NOTES

Be Bop white is a blend of 3-white and off-grey colors of glass.
When a sheet of mosaic or a swatch card is viewed the appearance of these 3-tones will appear different than when installed and grouted.
This is because the loose sheet and swatch cards are un-grouted and light is passing through the individual pieces from the front and all sides.
In smaller formats (Estrella, Flapper Floral, Foliage, Hip Herringbone, Leaf, Little Satch, Miles Modular), what appears to be a tone with a bluish tint in this un-grouted state, will read grey once installed and grouted.
In larger formats (Metronome, Scales, Swingin' Chevron, Treble) the pieces in question will continue to exhibit a bluish-tint.
In addition to the inherent change in appearance, grout color selection may also change the perceived color of the glass.

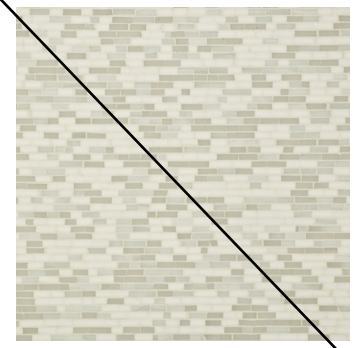

LITTLE SATCH

Handcrafted from Jazz Glass stained glass, the Little Satch mosaic arranges various shades in a subtle blend of miniature sticks. For ease of installation, this mosaic is mesh-mounted on 11 ¾" × 12 ¼" × ⅛" seamlessly interlocking sheets.

MISSISSIPPI MOIRE

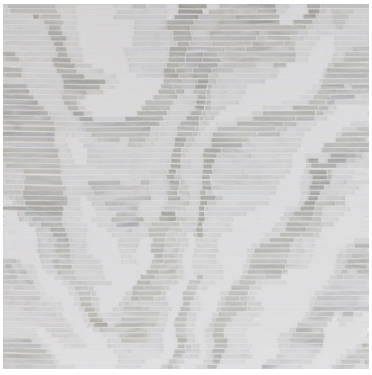

Based upon the textile pattern known for its subtle ripples of tonal shading, Moire, often called the “watered textile,” is traditionally achieved by pressing two damp fabric layers with a pattern-engraved roller, resulting in a unique, wavy texture. Mississippi Moire arranges tesserae pieces of Jazz Glass in a meticulous staggered repeat. This closely spaced yet imperfectly aligned arrangement creates a mesmerizing, watercolor effect, in a visual allusion to the classic moire fabric treatment. Available in two exquisite color combinations, Pink Lady and Ice White, Mississippi Moire transforms into an all-over mosaic with seamless interlocking sheets.

NOTES

[1] Alternate grout: Mapei Ultracolor Plus FA or Mapei Keracolor Sanded.
[2] Alternate mortar: Mapei Adesilex P10 White w/Keraply Additive or Mapei Kerabond White w/Keralastic Additive.
[3] Prior to installing, dry layout sheets next to each other to confirm satisfaction with blend.

Tech Note: The appearance of uninstalled glass mosaic is different than the final installed product. The semi-translucent Jazz Glass will be influenced by the choice of setting materials. A mockup to confirm mortar and grout selection is highly recommended. Grout color will greatly influence the appearance of the final installation. Grout color selection may be achieved by filling the joints with dry grout powder. Whether on installed mosaic or uninstalled mosaic sheet placed on white background.

HIP 2B SQUARE

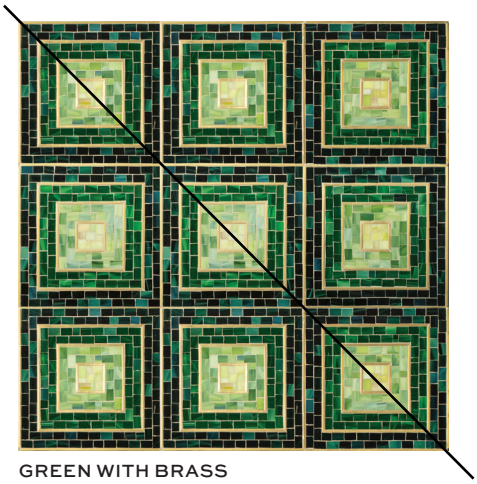

Like the repeating squares of a step pyramid or the pooling terraces of a cascading fountain, Hip 2B Square presents an ombré Jazz Glass mosaic in a different dimension, with light blue or green glass squares stepping down to dark blue or green, each area outlined in brass. The style feels a bit retro, a bit contemporary, and overall totally unique.

TUXEDO PARK

Tuxedo Park Jazz Glass mosaics create a beautiful mélange of contrasting stained glass tones in a mini elongated hexagon. The mosaics are crafted by hand and placed onto interlocking sheets for easy installation and a seamless effect. Stocked in three tasteful Jazz Glass colorways, Tuxedo Park pairs elegantly with Tambourine Traps in matching colorways, and is also available in stone!

NOTES

[1] Alternate mortar - Ardex X77 White, Mapei Granirapid White or Mapei Kerabond/Keralastic White
Ardex X77 White - Not suitable for metallic colorways or submerged applications

[2] Alternate grout - Mapei Ultracolor Plus or Mapei Keracolor Unsanded

Tech Note: Grout joint between mosaic sheets should be the same as joints within the sheets. Particular attention should be paid to the joints between sheets - adjusting individual pieces if necessary to produce a 'seamless' installation. Final appearance of installation will be influenced by choice of grout color. Mockup to confirm grout color selection highly recommended.
